January 28 @ Noon: a presentation by NKC Community Outreach

"The Aging Brain- What is Normal and What is Not"

This will explore the natural cognitive changes that accompany aging, offering insights into what is considered typical versus potentially worrisome. We examine common cognitive functions affected by aging, such as memory and processing speed, and discuss proactive measures to support brain health.

February 25 @ Noon: a presentation by NKC Community Outreach

"Know the Facts, Stop a Stroke in its Tracks"

St. James welcomes all of God's children with open arms; we embrace people of all colors, race, disability or economic background. St. James welcomes persons of all sexual orientations and gender identities to share in the worship of God and the work of God's dominion.

With God as our source, the Son as our example, and the Spirit to guide our way, We Serve!
